EXPERIENCE

Lead Frontend Engineer

Mar 2023 – Present

Nexclusive Tech Dynamics (formerly DayNight Consultants; business handed over)

- Convert **Figma designs** into pixel-perfect, responsive HTML5/CSS3 interfaces using **Bootstrap 5**.
- Build reusable, cross-browser layouts and UI components for every screen size.
- Delivered front-ends for **exclusivemarkets.com** and its related platforms.
- Led the revamp of the company website on **Payload CMS**, a headless, TypeScript-based CMS built on **Next.js**. It gives the content team structured, easy editing while the front-end stays fast, SEO-friendly and fully custom.
- Build and launch high-converting marketing landing pages with **Webflow** and **Unbounce**, enabling quick campaign launches and A/B testing.
